Greetings from Team SPEC.

Team SPEC, a Society for Promotion of Electronics Culture at National Institute of Technology, Hamirpur (H.P.) invites college students to participate in ELECTROTHON - a hackathon for university students, currently pursuing a Bachelor's or Master's degree courses across the country. Students can apply for the Electrothon between December 5 and 31, 2019.

Electrothon mainly has two tracks, **hardware track** and **software track**. The subdomains covered in the contest are:

1. Internet of Things
2. Mixed Reality / Augmented Reality / Virtual Reality
3. Machine Learning / Artificial Intelligence
4. Embedded Systems
5. Web / App Development
6. Miscellaneous

Participants will have to propose **Innovative Ideas** aimed to reduce human efforts, enhance the user experience, and solve generic social problems using emerging technologies. So come, get in front of the **top companies** in the world, meet speakers from the top organizations, and best of all, grab some awesome **T-Shirts** and **goodies** and **cash rewards** from us!

Procedure to register for the contest:

1. Visit our website (<http://specnith.com/hackathon.html>)
2. Click on Apply with Devfolio button.
3. Complete your profile (Resume upload is optional)
4. Submit Profile for Review

You can register **individually** or **In teams of 2-4**.

And you're done, see you in February with a bunch of cool ideas.
Last Date to register is **December 31, 2019**.
