Ref.: GGSIPU/IPU-IIF/Notice/2022-23/01

The Guru Gobind Singh Indraprastha University is creating an enabling and encouraging innovation and incubation support system. As part of the initiative, the IPU Innovation and Incubation Foundation (IPU-IIF) has been setup and is functioning at East campus and Dwarka Campus of the University. The IPU-IIF has selected first batch of start-ups and they are being mentored.

The IPU-IIF shall provide necessary infrastructure for promoting innovation, prototype development, incubation, entrepreneurship which would lead to establishment of start-ups. The ensemble of facilities created are open to faculty, research scholars and students of the University.

The IPU-IIF has also started building up a portfolio of pre-incubation activities. As part of the effort the ideas/proposals focussed at innovation, prototype building and incubation along with the support facilities required are invited from the faculty, research scholars and students.

The ideas/proposals duly forwarded by the Dean of the USS / Director of the Centre may be submitted by **18th December 2022** to the office of **Director, Research & Innovation, Room No. 005, Administrative Building, GGSIPU, Dwarka, Delhi.**
