ABOUT THE PROGRAM:

We are excited to introduce you to the Campus Recruit program at DHL IT Service. As a part of this program, you will be exposed to a range of learning opportunities and will have the chance to work on building and running IT solutions and infrastructure for our business units.

At DHL IT Service, we believe in empowering our employees with the knowledge and tools they need to succeed. As a Campus Recruit, you will receive comprehensive training in your area of specialization and have the chance to explore different functions and businesses, allowing you to optimize your talents and skills.

Our Campus Recruit Program will give you ample time to gain valuable experience and exposure. Upon successful completion of the program, you will be considered for exciting job opportunities based on your performance, career goals, and available vacancies.

Join us today and create your future with DHL IT Service. We look forward to welcoming you to our team.

Your work:

- Design, code, test, correct, and document programs and assist with software implementation.
- Apply standard methodologies for developing and maintaining programs and applications.
- Apply data analysis and modeling techniques to maintain a data structure and its components.
- Assist in customizing Commercial off-the-shelf (COTS) software based on pre-determined parameters and executes customizing tests.
- Work with the team to ensure plans and processes align with Business Unit needs.
- Liaise with other internal departments or project teams to complete project deliverables.

You should have:

- A recognized degree in IT, Computer Science, Business Information Technology, or a relevant field such as BSc, BCA, BE, BTech, MSc, MTech, or MCA.
- The degree must be earned from a reputable institution, and applicants must have achieved a minimum CGPA of 7.4 or 70% with no arrears.
- We seek individuals who possess a can-do attitude, an open mindset, and a sense of ownership.

What do we offer:

- Great team of IT professionals with global working exposure.
- On-going professional and technical training and certifications.
- A multicultural environment in modern offices.
- Smart casual every day.
- Global internal job opportunities available within DPDHL.
- Attractive Leave Policy
- Medical Insurance as per Grade
