Job Description- Analyst/Jr. Analyst

We are seeking an enthusiastic finance professional who is looking to kickstart their professional journey to join our team.

Seating Location: Noida

About Us: Daloopa is a dynamic and innovative technology company committed to pushing the boundaries of what's possible in the world of software development. As a Analyst/Jr Analyst, you will play a crucial role in building financial models based on historical data.

Why Join Daloopa?

- Opportunity to shape the future of software development with cutting-edge technologies.
- Collaborative and inclusive work environment.
- Competitive salary and benefits package.
- Career growth and development opportunities.
- Flexible work arrangements.
- Employee wellness programs and initiatives.
- Company-sponsored social events and activities.
- Term Insurance and Health Insurance

Key Responsibilities:

- Building and updating financial models.
- Sourcing data from financial databases.
- Analyze financial data and records of companies.
- Provide quality data and analysis to make the research process more efficient and robust.
- Any other ad hoc research.

Job Specifications:

1. Any financial degree mandatory
2. Should be highly proficient in MS Excel.
3. Knowledge about financial analysis.
4. Should be a fresher or a one-year experience.
5. Excellent written and oral communication skills.
6. Highly passionate and self-driven.
7. Strong organizational and time management skills.
8. Attention to detail and high level of accuracy.
9. Ability to work independently and meet deadlines.
10. Knowledge of MS Office applications, especially Word and Excel.

If you are a highly motivated financial professional with excellent communication skills and the ability to manage multiple tasks efficiently and to kick start your career, we encourage you to apply for this position. We offer competitive compensation and opportunities for growth within our organization.
