**Subject: Launch of "AI led Digital Transformation in Education" Online Course on iGOT Karmayogi Platform**

Dear Sir/Madam,

In today's rapidly advancing world, Artificial Intelligence (AI) is transforming every aspect of our life, and advancements in Education are no exception. Today, AI has the potential to elevate educational outcomes, boost student performance, create cutting-edge teaching experiences for educators, and make administrative tasks highly efficient.

2444/E-ID  
18/10/24

As an official **Capacity Building Commission** content partner, we are excited to introduce the **AI-led Digital Transformation in Education** course on the **IGOT Karmayogi** platform. This 75-minute, self-paced course, designed for government officials, offers practical use cases and comprehensive insights into AI's current and potential applications in Education.

In this course, you will explore the following key areas:

- Personalized Learning:** AI tailors educational experiences to individual student needs, offering adaptive learning paths and real-time feedback.
- AI in Teaching:** AI assists teachers in lesson planning, grading, and providing personalized instruction, thus reducing their workload and increasing instructional effectiveness.
- AI in Administration:** AI technologies streamline administrative tasks such as attendance tracking and resource allocation, improving efficiency.
- Case Studies:** Real-world examples demonstrate successful AI implementations in education, showcasing improved student engagement and tailored learning experiences.
- AI-Driven Assessments:** The course highlights how AI can create adaptive assessments, providing targeted feedback and identifying learning gaps.

2164/BD/A  
16/10/24

The online course has an assessment module at the end of the course to consolidate your understanding of AI-led digital transformation in education.

This course will help you and your officers to envision and contribute to a future where technology elevates Education related practices across India. Your participation is crucial in leveraging AI to improve Education related outcomes for students and teachers!

We encourage you and your team to join us in harnessing the power of AI and how it is revolutionizing the Education Sector.

To enroll in the course on iGOT if registered already, access at:  
<https://portal.igotkarmayogi.gov.in/app/globalsearch?q=witp>

In case you aren't registered on iGOT, then you can access the course from our LMS – (GenieAI), where we have integrated an AI Coach, a unique Virtual Teacher available 24/7.

Access to these courses is free on GenieAI: <https://web.witp.wfglobal.org/en/guest>

The process to access:

- Sign up and verify your email and register
- Enrol now, if not already, by simply signing up to access a wealth of resources and emerging technologies that drive digital transformations.
- Get going!

To learn about application-based use cases on emerging technologies visit:

WGDT Digital Library: <https://web.witp.wfglobal.org/en/library/>

WGDT YouTube Channel: [https://www.youtube.com/@witp\\_wadhwanifoundation](https://www.youtube.com/@witp_wadhwanifoundation)

Together, let's reimagine and build the skills needed to modernize public administration practices!

We also offer In-Person Training Courses across emerging technologies for digital transformation on a pro-bono basis. The in-person training programs are conducted for mid to senior-level officers (Dy Secretary and above) in partnership with Central/State Training Institutes. For details, please refer to Annexure 1.

With Regards

  
24/09/24

Prakash Kumar

Chief Executive Officer

Wadhvani Center for Government Digital Transformation

#### Annexure 1

Online Courses on Emerging Technologies on iGOT and our LMS – (GenieAI) Platform:

- AI for Digital Transformation in Agriculture:** Explore AI solutions that are revolutionising Agriculture, especially in sowing, irrigation, pest management, harvest and post-harvest stages.
- ChatGPT and Generative AI Tools and Applications for Government -** Explore the potential of Generative AI tools like ChatGPT, Gemini and Claude in transforming public service delivery.
- AI for Digital Transformation in Education:** This course explores the integration of artificial intelligence in educational settings to enhance learning outcomes and streamline administrative processes.
- AI for Digital Transformation in Urban Governance:** This course explores practical applications and impactful solutions that AI brings to various aspects of urban governance.
- Introduction to Emerging Technologies -** A foundation course to familiarize government officials with the basics and the significance of emerging technologies in the digital era.
- AI for Digital Transformation: Machine Learning and Deep Learning -** Dive into how AI, through Machine Learning and Deep Learning, is reshaping the digital landscape.
- Data Driven Decision Making -** Master the art of leveraging data for insightful, evidence-based decision-making.
- AI for Digital Transformation in Healthcare:** Discover how AI is revolutionizing healthcare through improved diagnostics, patient care, and research.
- AI for Digital Transformation: Computer Vision -** Understand the Impact of AI in interpreting and analyzing visual data to solve complex problems.
- Blockchain for Secure and Trusted Records -** Learn the principles of Blockchain technology to ensure the integrity and security of digital records.
